
PROFESSIONAL SUMMARY

Senior Clinical SME & Health-Tech Architect with 13+ years of healthcare operations and data governance expertise. Specialized in bridging clinical "ground-truth" reality with high-level software engineering, focusing on ABDM 2.0 interoperability, FHIR R5 standards, and strict DPDP Act compliance. Proven track record of spearheading architectural pivots and automating unstructured medical data into relational schema vaults with built-in PII isolation capabilities.

PROFESSIONAL EXPERIENCE

Strategic Technical R&D Sabbatical (SME & Solutions Architect) | Self-Directed | Oct 2025 – Present

- **Architected** a strategic phase to bridge 13 years of clinical "ground-truth" experience with high-level engineering for the *Omnilingest-Clinical-Engine*.
- **Designed** the '7-Pillar Vault', establishing relational schemas for strict PII isolation and ABDM-compliant clinical data streams.
- **Engineered** 'The Incinerator' module, integrating DPDP Act Rule 8.3 hard-delete logic to guarantee automated and compliant data privacy management.

Data Analyst / Clinical Domain Lead (Consultancy) | R K Nursing Home | Oct 2020 – Oct 2025

- **Architected** the Omnilingest Prototype: Built a Python-driven engine to convert unstructured clinical records into structured vaults, targeting an 85% reduction in manual processing time.
- **Spearheaded** Metadata Intelligence: Designed 'ClinoSyn', a self-learning brain for clinical synonym mapping to ensure superior data integrity and mapping to FHIR R5 standards.

Operations Manager (Health-Tech Catalyst) | K Arogya Advisory Services | Dec 2018 – Aug 2020

- **Directed** multi-center leadership operations, implementing clinical workflows and data-collection protocols across partner institutions including Ramaiah, SRM, and KG Hospital.

Operations Manager | R K Nursing Home | Nov 2016 – Nov 2018

- **Managed** strategic leadership initiatives for end-to-end clinical logistics, successfully reducing operational bottlenecks by 30%.

Customer Care Executive | Cloudnine Group of Hospitals | Nov 2015 – Nov 2016

- **Maintained** quality standards by managing premium patient relations, mastering strict healthcare privacy protocols and clinical communication.

Healthcare Operations Coordinator | R K Nursing Home | May 2012 – Nov 2015

- **Orchestrated** foundational frontline clinical operations and manual record maintenance, gaining the vital "ground-truth" insight required to solve data fragmentation at scale.

EDUCATION & TECH STACK

- **Bachelor of Computer Applications (BCA)** | University of Mysore | In Progress (Final Year)
- **Executive Program in Generative AI** | IIT Guwahati | In Progress
- **IBM Professional Capstone: Data Science & AI** | In Progress
- **Medical Law** | IIT Kharagpur | Learning Sabbatical
- **Python for Data Science** | Learnbay | Completed
